Description

The 16W x 10H Inch Heartland Series Weight Distribution Shelf provides an extremely rugged support system when adding heavy equipment in polycarbonate enclosures. Ideal for support when adding a power supply, battery, or heavy equipment which could potentially deflect the enclosure bottom wall.

Application

- This innovative weight distribution shelf provides an extremely rugged support system when adding heavy equipment in polycarbonate enclosures.
- Ideal for support when adding a power supply, battery, or heavy equipment.
- Improves installation quality by reducing potential for bottom wall deflection
- Reduces risk of enclosure and equipment maintenance and replacement costs due to damage from added weight

Features

- Aluminum shelf supported by enclosure side walls reduces risk of deflection of the enclosure bottom wall when subjected to increased weight load
- Available in 7 SKUs designed for use with our polycarbonate enclosure sizes from 10"x10" to 24"x24"
- Constructed from strong, lightweight, corrosion resistant aluminum

- Fastening hardware included
