Louver Plate Vent

Catalog Number RELP1
UPC 191564108919

List Price

\$45.61

Description

Attabox's Louver Plate Vents are designed to provide ventilation in enclosures where excessive internal heat or excessive moisture is an issue. Although louvers cannot keep all moisture out of an enclosure, gasketing or sealing the perimeter of the louver plate reduces problems associated with moisture intrusion. These kits may be easily installed in the field by making a cutout of the proper size and attaching the louver plate in place. Includes louver plate vent only.

Application

- Louver plate vent used with enclosures which house electrical and electronic controls; instruments; and components
- Used with enclosures indoors or outdoors
- Suited for harsh industrial or commercial applications

Features

- Attabox's polypropylene Louver Plate Vent offers ventilation with a thin profile. Offered as a lone plate.
