HEARTLAND®
Polycarbonate Enclosures with Mounting Flange

AttaBox.
A **ROBROY** Brand

ROBUST MOUNTING FLANGE SOLUTION OFFERS FLEXIBILITY AND STRENGTH WHEN INSTALLING POLYCARBONATE ENCLOSURES!

Designed for OEMs and Installers to provide a robust, flexible mounting solution, flanges are an ideal solution for installations requiring heavy-duty mounting support in harsh environments. The addition of a mounting flange option enhances the most flexible line of polycarbonate enclosures on the market, and they are available to be shipped with AttaBox polycarbonate enclosures or as individual kits.

MARKETS AND INDUSTRIES

+ Ideal for Non-Hazardous Industrial and Commercial OEM market segments with enclosures requiring robust mounting support in harsh conditions.
+ Electrical control, measurement and monitoring, security, oil and gas, manufacturing, and communications.

BENEFITS

+ **Installation Flexibility:** Innovative mounting cross allows for multiple screw placement positions, reducing the need for on-site modification.
+ **Reduced Maintenance:** Robust, innovative water-shedding design reduces maintenance and keeps equipment secured and protected when installed in harsh environments.
+ **Ease of Ordering and Receiving:** Available included with our polycarbonate enclosures or as a stand-alone accessory. Part of our SelectRight program of standard products, available through our catalog.

INNOVATIVE FEATURES

+ Lightweight, high-impact rated, and UV-resistant polycarbonate material construction.
+ Available in 6 sizes designed for use with our polycarbonate enclosure sizes from 6" x 6" to 20" x 16".
+ Innovative water-shedding design.
+ Standard kits included with our enclosures are designed to fit the enclosure short side. Individual kits can be ordered when long side mounting is required.
+ Corrosion resistant hardware included.
+ Simple and easy installation with the use of common tools. Simply install, position, and secure the mounting flanges (2) on the enclosure using the provided hardware in only a few easy steps! (Installation instructions provided.)
+ 24" x 24" enclosure available with molded-in mounting flange (individual flange kit not needed for this size).

RATINGS AND LISTINGS

+ UL/cUL File #E319779 Type 1, 3R, 4, 4X, 6P*, 12
+ UL50, UL50e, UL508A
+ IEC 60529: UL Listed per file #E362920 IP66, IP68*
+ Certifications: cULus, CE, Reach, and RoHS

Restrictions apply. Consult factory for more information.

MATERIALS

+ **Flange:** Polycarbonate with UV inhibitors
+ **Hardware:** Stainless Steel
